

MEET THE CHEF.

Enter the kitchen of Chef **Naveen Sachar**, and you can't help but feel right at home. That's because Naveen has a knack for instilling confidence in even the most inexperienced cooks with his easy-going approach to preparing flavorful, fresh, and well-balanced Indian and Thai food.

A lifelong cook, traveler, and photographer, Naveen has loved the flavors, spices, and simplicity of Asian cooking ever since he was a young boy growing up in Northern India. Cooking has always been his passion — from his days as "official taster" in his mother's kitchen, to acting as designated chef for his college and grad school roommates, to serving up cooking classes and catering on the side even as his career as a software engineer was taking off. So it came as a surprise to exactly no one when in 2008, Naveen traded in the corporate life to launch his studio kitchen, Naveen's Cuisine.

WHERE FOOD MEETS FUN!

When you host a private event at Naveen's Cuisine, you can count on the "wow factor" that's so often missing from routine corporate functions today. That's because we're equal parts entertainment and instruction, and we know how to bring folks to the table to enjoy a delicious meal together. We provide a cozy, relaxed setting that's the perfect backdrop for any occasion, and we completely tailor the experience to meet your specific needs. From team-building exercises and client entertainment, to employee appreciation parties and seasonal holiday celebrations let Naveen's Cuisine make it an event your guests can't stop talking about!

Choose from two general formats for your event: **COOKING CLASSES** that let guests roll up their sleeves and get their hands and aprons dirty; or **COOKING DEMOS**, where guests can sit back, relax, and enjoy a cocktail or two while we do all the cooking for them.

No matter which format you choose, participants will learn the ins and outs of meal prep, including raw ingredient selection, basic knife skills, marinating and braising, and more. They'll also be encouraged to interact with Chef Naveen throughout the course of the event. And of course, we'll work with you to plan the menu according to your cuisine preferences, dietary restrictions, and any allergies your guests may have. Naveen's Cuisine is a BYOB facility, and there is no corkage fee.
